Company 4: Meeting on 20th at 1900hrs downstairs.

Chief's Report:

32: Miscellaneous point sheet: if you are attending an outside meeting, doing a truck check, attending a SCFA class or any detail for the fire department that a full point sheet is not warranted please fill one out. Rig checks: when doing a truck check on the iPad please also submit a miscellaneous point sheet. On the miscellaneous point sheet, please put who you are and what rig you did and if you did it with anyone else.

31: Check the rigs and notify your officers if there are any problems with the trucks

30: The weather is getting nicer. Please do your truck checks. The weather is hot so please hydrate and drink water. Proper PPE on all alarms. If there's anything wrong with your PPE, please notify your company officer, and we will fix it. All alarms, please fill the tank with water and make sure all levels are full. Everyone who came and helped with the museum house at the fire museum. We have one more day left to complete the process; we need to paint soon. Thank you to everyone who helped with flower details and the parades for Memorial Day weekend. There was also good support at other Memorial services in Middle Island, Mastic and Fireman Park, thank you. Reminder, during fundraisers, if there is an alarm during the fundraiser, please man apparatuses and man the base radio, the alarm takes priority. Truck checks are to ensure the apparatus is ready to go and you need to know the capabilities of the apparatus and take your time to complete everything on the apparatus. If you are unsure or find something, notify that officer of that apparatus and we will get it corrected. Keep up the good!
